

Aditya Choudhary

+91 8386995571 | adityachoudhary8386@gmail.com

Experienced software developer with around 4 years of expertise in designing and maintaining scalable web applications. Proficient in Go, Angular, and microservice architectures with proven success in integrating third-party tools, optimizing workflows, and enhancing platform efficiency. Passionate about delivering reliable software solutions and driving innovation in Agile teams.

Work Experience

Software Developer II • Vendasta

July 2022 - Present | Chennai, India

- Developed and maintained the API gateway (Go microservice) to facilitate seamless communication between Vendasta's platform and its partners.
- Integrated SAML and SCIM protocols, optimizing user authentication and identity management.
- Led the creation of customized workflows and connections using Zapier, automating CRM related actions to make processes more efficient and streamlined.
- Currently engaged in integrating third-party software with SMB systems to synchronize data efficiently between external platforms and Vendasta.
- Managed projects efficiently using GitHub, Jira, and Confluence, following Agile methodologies.

Software Engineer • Temenos

July 2021 - June 2022 | Chennai, India

- Worked on Temenos T24 Banking Application using InfoBasic, Banking Functionality, and TAFJ
- Completed projects for several model banks including INMB, LKMB, AUMB, CBMB, CNMB, etc.

Associate Engineer Trainee • L&T Technology Services Limited

February 2021 - June 2021 | Mysore, India

- Developed web applications using Java, HTML, CSS, SQL, JavaScript, and Apache Kafka.
- Designed and implemented Connected Boat Simulator

Education

SRM IST Chennai

Information Technology • 2016 - 2020

- Gained technical expertise through a BSNL internship on telecom systems and hands-on technical projects.
- Developed leadership and entrepreneurial skills as Head of Finance for Startup Weekend, Sports Club Head, and Senior Team Manager at Enactus, while contributing to community development and campus initiatives.
